
The No-Stress Remodeling Contractors

The Gridley Company was founded on the belief that remodeling contractors have certain obligations to their clients, among them:

- Understanding what a client envisions for their renovated bathroom, kitchen, home or workplace. Remodeling contractors who listen to clients at the outset are the ones who can successfully turn that image into reality.
- Consistently communicating on all aspects of a project, including design, budget, and schedules. Our Price Promise is just one of the ways Gridley Company makes certain clients always know what to expect.
- Eliminating the anxiety that grips so many property owners before and during a renovation. On every project, a manager is always available to answer your questions. Our crews are punctual, professional and work efficiently so your renovation is completed on time, and to your total satisfaction.
- Delivering outstanding value on every project. The Gridley Company offers high levels of craftsmanship and customer service to all clients, regardless of budget.
- Reassuring clients that we stand behind our work with generous two-year limited warranties. If repairs are necessary, count on us to make it right. We want you to be happy with your renovation.

The Gridley Company was founded for people who want to renovate their home or workplace but are overwhelmed by the thought of searching for remodeling contractors and putting up with weeks of dust.

Call one of our customer representatives today at 408-374-0900 to schedule a no-obligation meeting.

Remodeling Contractors for All Types of Projects

As full-service remodeling contractors, Gridley Company offers a range of construction services, including kitchen and bath renovations, home theaters, home offices, and additions.

As part of our special needs design service, we also create aging-in-place modifications that enable individuals who have problems with mobility or flexibility to remain in their homes.

Modifications may include additional lighting, railings and grab bars, wheelchair ramps and walk-in showers.

If you are looking for remodeling contractors in the San Jose area, including the cities of Campbell, Los Gatos and Saratoga, call a Gridley representative today at 408-374-0900.
