
Showrooms

This is just a sample of all the great home products we use. As a full-service design and remodeling company, we are able to order any standard or custom home product.

Cabinetry

Having worked in the remodeling industry for almost 30 years, we have come to depend on some excellent manufacturers of quality cabinets with superb reputations. These cabinets come with a broad selection of accessories and offer customization to meet your specific needs. Hardware for these cabinets range from the standard to highly customized, individual pieces. Cabinets we often specify include: Dura Supreme, Mid-Continent, and CWP.

Countertops and Backsplashes

Over the years Gridley Company has installed hundreds of countertops of all sizes, shapes, and customizations. Those we install most often are solid surfacing such as Corian, Swanstone, Granite, Limestone, and Marble Laminates such as Formica, Nevamar, and Wilsonart.

Ceramic Tile

Ceramic tile is a generic term for many kinds of "tiles" -- porcelain, terracotta, granite, marble, stone, and ceramic are those our clients request most often. It has come a long, long way and can be installed just about any place -- interior and exterior. A range of manufacturers provide us with a spectrum of styles and pricing, all with excellent quality. A few of the ceramic tile manufacturers we specify are: Walker-Zanger, Villeroy & Boch, Laufen, Porcelanosa, TileCorporation, Ann Sacks, and Bisazza.

Flooring

The flooring market also has changed and improved drastically in recent years, affording the homeowner many choices spanning a wide range of styles and budgets. Slate, Limestone, Marble, Granite, Ceramic Tiles, Hardwood, Laminates, Vinyl, and Carpets are among the many choices customers have to choose from.

Bath & Kitchen

We specify a full range of quality fixtures for kitchens and baths, based on personal design taste, space, and budget. Some manufacturers are: American Standard, Blanco, Delta, Eljer, Elkay, Franke, Grohe, Hansgrohe, Hydro Swirl, Jacuzzi, Jado, Kohler, KWC, Moen, Porcher, Price-Pfister, Santec, St. Thomas, Sunrise, and Toto. We also specify fixtures to address the needs of our clients who require wheelchair accessibility.

Appliances

Some of the major brand appliances that our clients request and are satisfied with are: Amana, Bosch, Broan, Dacor, Frigidaire, Fischer-Paykel, GE, Insinkerator, Jenn-Air, Kitchen Aid, Maytag, Sub-Zero, Viking, and Vent-a-Hood.

Windows & Doors

We've come to depend upon the quality and flexibility of several window manufacturers for wood and vinyl windows. However, we have ordered stock, custom, and specialty windows from other companies at clients' request or to fill a specific design or installation need.
